

TaskBase

```
classDiagram
    class TaskBase
    class task_data_acq
    task_data_acq --|> TaskBase
```

A UML class diagram illustrating inheritance. The class 'TaskBase' is positioned at the top, and the class 'task_data_acq' is positioned at the bottom. A vertical arrow points from 'task_data_acq' up to 'TaskBase', indicating that 'task_data_acq' inherits from 'TaskBase'.

task_data_acq
